Preparations

It is now time to start printing, laminating and preparing certain documents.

Step 1

Start by printing the materials needed for the room, which can be found in the following link:

 https://drive.google.com/drive/folders/1lQQJANtK-mceMo1IBuE9P-o2_w3UWMhK?usp=sharing

Step 2

After printing all the material, you need to laminate all the documents except the one named "pictures for the bulletin board" and "Holy scripture - green folder".

Step 3

After you have printed the document named "pictures for the bulletin board", you need to cut out all the pictures one by one so that a total of six pictures are formed.

Step 4

1 Print the document called "Holy scripture - green folder" double-sided, so that one side is interpreted based on love and the other side based on hate.

2 Then laminate the paper

3 Then cut out the holy scriptures one by one, a total of 4 pieces.

Step 5

1

Take a small piece of paper and write "terrorist" on the paper

2

Now take the UV pen and write "light on the" to the left of the word "terrorist"

Thus, the text "light on the" only appears when a UV lamp is aimed at the piece of paper, see image below for example (in swedish).

Step 6

1

Now take another piece of paper and write the following:

2

Now take a UV pen and write the following. Like the previous step, the text is only visible when lit with a UV lamp.

3

Now take a piece of red paper and write "and I am a terrorist" with a regular pen. Then attach the red paper over the piece of paper, preferably with staples so that players can easily lift up the red piece of paper during the game. In other words, the text written with the UV pen is now hidden behind the red piece of paper.

Step 7

1

Now take another piece of paper and write the following:

2

Roll the of paper and place inside the tie.

DISCRIMINATION
AT THE EMPLOYMENT MARKET

GOVERNMENTS REPORT
BY MARIA KARLSSON

The first conclusion in the government report is that discrimination on the grounds of ethnicity or religion can to varying degrees affect people with a foreign background in all seven reported areas of society and in several (un) equal situations. Structural discrimination creates a systematic superiority and subordination between Swedes and racialized people, mainly immigrants.

This shows both in concrete situations such as when recruiting. Just as women in the labor market have found it difficult to get through the so-called glass ceiling to get managerial positions, it is difficult for those who do not have a Swedish background to enter the blue-yellow glass house - the Swedish labor market.

Step 3

Place the following items in the box

A UV-lamp

Paper with the text "light on (with uv pen) the terrorist" that you prepared in previous steps.

2

Now close the box and thread the multilock through the box, then fasten all the padlocks in each hole in the multilock so that the box is locked. See image below for example.

Step 4

Now place all the folders and the locked box in the backpack

Step 5

Now it's time to prepare the portable bulletin board.

1

Attach the following pictures that you cut out in previous steps and attach with staples to the bulletin board. A tip is to take a thread and fasten it between the pictures so it looks more like a police investigation.

2

Now attach the piece of paper with the text "My name is Mohammed and I am a terrorist" as you prepared in previous steps and attach with staples at the top of the bulletin board. Also, place the tie on the bulletin board.

A tip is also to print various news articles on the subject and attach them to the bulletin board. This partly increases the degree of difficulty for the players, and partly makes the police investigation more comprehensive.

Now the room is ready to be played!

Place the portable bulletin board and the backpack that you prepared in previous steps and place on a desk. Now the room is ready to be played!
